

Electronic Scrap Collection Event

**Safely Recycle Old TVs and
Computer Equipment!
Saturday, April 26, 2008
10am to 2pm**

Italian Community Center
South Parking Lot
631 E. Chicago St

The City of Milwaukee and Keep Greater Milwaukee Beautiful present Milwaukee's *Great Lakes 2008 Earth Day Challenge* E-Scrap Collection to be held at the Italian Community Center's south parking lot on Saturday April 26, 2008 from 10am to 2pm.

This event is free and open to City of Milwaukee residents, who must present an ID or copy of a bill with a Milwaukee address. This event is for residents only – no businesses please.

In addition to computers and all computer accessories (monitors, printers, laptops, desktop PCs, keyboards, mice, and related cables), TVs will also be accepted. Items will be processed for reuse or recycling in an environmentally responsible manner. Any personal information left on computer hard drives will be destroyed. *Please limit to 4 units per vehicle.*

Help keep these items out of landfills and protect Lake Michigan! They can contain lead, mercury, and other heavy metals that harm human health and the environment if released into the air or water. These materials along with plastic and glass from your equipment can be reused or recycled. For more information about electronics recycling, visit: www.epa.gov/e-Cycling.
